“ I knew Mr. Lewis since I was six years old, he was a man who helped his neighbors by lending a hand anytime he could. He had a thriving lawn care service and when I became older and had a home he cut my bushes, hedges, and trimmed up my yard for more than 30 years. He provided a great service. I always saw him as great father to his children and the neighborhood children as well. He was a mentor of what a father figure should be. He was a Christian man who always talked about the word of God. I thought very highly of him and how he raised his family to put God first in their lives. Most importantly Mr. Lewis showed the fruit of the spirit of God by showing Love everywhere he went. He also gave great hugs. I will truly miss him, and I will cherish the memories I have of him for the rest of my life here on earth; however, I can't wait to see Mr. Lewis in the New Heavens and New Earth God promised us.
Much Love, Sandra Brooks
